

Samuel H. Bingham

Los Angeles, CA | 562-619-4843 | samuelbingham07@gmail.com | [LinkedIn](#) | [Portfolio](#)

EDUCATION

Pomona College

Claremont, CA

B.A. Cognitive Science (GPA: 3.60, SAT: 1570)

Expected Graduation: Winter 2026

- Relevant Coursework: AI Ethics, Human-Centered Design, Ethical Software, Psych Stats, Consciousness & Cognition

PROFESSIONAL EXPERIENCE

Epson

Los Alamitos, CA

Product Marketing Management Intern: Marcomm LATAM Team

Jun. 2026 – Aug. 2026

- Owned content lifecycle for Epson's Partner Portal and product marketing/campaign assets across the SD, ColorWorks, and SIDM product lines, coordinating inter-department requirements to ship 50+ campaign and marketing assets
- Redesigned the recurring product website and landing page audit process, cutting turnaround from 2 weeks to 3 days, and used it to identify content gaps and prioritize a fix roadmap with cross-functional stakeholders ahead of launches
- Maintained trilingual (English, Spanish, Portuguese) workbooks across 10+ SD, ColorWorks, and SIDM variants; supported the CW 4800 launch via Partner Portal and B2B collateral upkeep

Product Space

Claremont, CA

Product Manager & Fellowship Recipient

Aug. 2025 – Present

- Carried out end-to-end product development for Clicktionary, a language-learning Chrome extension, from concept through launch on the Chrome Web Store, driving organic adoption to iteration and now double-digit active installs
- Ran independent QA and user testing post-launch, resolving 20+ bugs solo with no engineering team to lean on

P-ai

Claremont, CA

Product Manager & Web Design Lead

Aug. 2025 – Present

- Architected a college-wide marketplace and gift-giving ruleset AI simulation with front-end/back-end implementation
- Established product goals and connection between design and engineering teams, setting the product timeline and vision
- Enhanced web design flow, product testing, and UI/UX, leading to 40% increase in positive beta-testing reviews

JPNLAvintage

Los Angeles, CA

Founder & Operator

May 2024 – Jul. 2026

- Designed an online vintage clothing business featuring 250 unique pieces, establishing the brand and customer base
- Improved SEO, web-hosting, back-end customization, UI/UX, and social-media/affiliate marketing campaign, boosting user engagement and expanding to 4-digit domestic and international sales within the first year of operation

LEADERSHIP & PROJECTS

5C Nikkei Student Union (Japanese Culture Club)

Claremont, CA

President

Jan. 2025 – Present

- Founded and scaled the Claremont Colleges chapter of Nikkei Student Union (13th official member)
- Introduced brand new organization mission, leadership structure, operations, branding, and outreach
- Grew club from 40 to 70 active members; semesterly events from 4 to 8; produced 200% funding increase over 2 years

Independent Project

Claremont, CA

TFT Competitive & Product Analysis

2024 – Present

- Ran rapid, data-backed experiments on my own 556-game ranked match history via Riot's API; found gold-left showed near-zero correlation with placement ($r = -0.013$), a real signal once segmented by game stage
- Published a companion product teardown analyzing TFT's retention mechanics using Twitch viewership trends, identifying a churn risk hidden inside a healthy-looking aggregate metric and proposing a retention fix
